Dear Christopher:

Thank you for applying for the ENERGY STAR for Thomson Portfolio - 35 Thomson Place (ID: 4463098). We have reviewed your application, and we wanted to follow up on the issue below:

The electric meter on page 6 of your application, (b) (4) " shows identical consumption (b) (4) kWh for the periods 4/1/2016 - 5/1/2016 and 5/1/2016 - 6/1/2016. Are these entries accurate as billed, or have any entries been incorrectly recorded or estimated?

Because this application requires follow-up, we can no longer guarantee that this property will receive the 2016 ENERGY STAR; however, we will do our best to process responses received in a timely manner. If time does not allow for 2016 review, the property will still be considered for the 2017 award. Your application will expire if no response is received by January 1, 2017.

Thank you and we look forward to your response,

ENERGY STAR Certification Review Team

To Whom It May Concern,

I confirmed with the building owner that the values for 4/1/16-5/1/16 and 5/1/16-6/1/16 are accurate and reflect the values his maintenance staff measured during their monthly meter reads.

Please let me know if you have any further questions.
